

Süper Gres EP 00

Lithium Soap Automotive Grease

Description

It is a semi-liquid grease, containing lithium soap and additives for extreme pressure and oxidation resistance.

Application

It can be used in the commercial vehicles and construction equipment, equipped especially with central lubrication system with capillary distribution tubes up to 110°C.

Benefits

- Exhibits remarkable oxidation resistance.
- Can be pumped through capillary tubes readily even at low temperatures.
- Forms sufficient oil film under vibration, thanks to its high load capacity.
- Features remarkable resistance to washing-out.

Typical Specifications*

Penetration, 25°C, Worked	ASTM D-217	425
Timken OK, 40 lb	ASTM D-566	Pass
Oil Separation, % wt., (40°C, 42hr)	IP-121	-
Drop Point, °C	ASTM D-566	160

* Values are changeable according to production.

Packing

Tin Can	16 kg
Drum	170 kg
